That was my understanding too. Attached is the briefing paper for Tronox. I would like to cover this today if possible.

Thanks for putting together – It appears to be too much to discuss at this meeting. I thought we were going to discuss the overall format of the meetings with her for about 10-15 minutes and then just focus on the Cost Recovery Conference and SF collections as programmatic issues then spend the last 30 minutes on Tronox/Smurfit Stone Mill.

I would suggest waiting until the next meeting to discuss the other parts in blue (US mag/Park City) if we can. Or Move Tronox to the next meeting since it's not a rush and discuss Park City or US mag.

Based on our discussion this am – here is what I would propose to send to Suzanne, please comment, add/subtract – we should send to her by Weds, so thanks for quick attention – k

Suzanne – Andrea, Aaron and I have put together a short agenda for our bi-weekly CERCLA meetings with you. We have broken topics down into the areas below. We will NOT be covering each and every topic at every meeting, but will

update you on the most pertinent ones at our meetings (highlighted in blue for 1/8 meeting). This list will change, of course, and we will be sending it to you before our bi-weekly meeting. Please let us know if this is a useful format and also if you have anything that comes to mind immediately that you would like to see on this list right now. Thanks – k

Sites:

Park City

Tronox

Upper Animas

Colorado Smelter

Smurfit Stone Mill

Columbia Falls Aluminum

US Mag

Eagle Mine

Gilt Edge

Lincoln Park

Uravan

Kennecott

Programmatic Topics/Issues:

Potential Cost Recovery Conference (with OCFO)

Cost Recovery lean process outcomes

PRP Oversight billing costs/trends

Post construction issues

SF site charging

ROD improvement process

Special Accounts

\$ Collected:

Here we will report SF collections as we receive them (am going to try to get this number before Thursday)
